

Lutheran School of Theology at Chicago

Want to be part of something life-changing?

The Lutheran School of Theology at Chicago (LSTC) is keenly aware of the state of religious participation in the United States today and the associated impact on communities of faith and faith-based organizations.

LSTC embraces these current challenges. We see them as part of our missional opportunity at this moment in history. We are developing a laboratory for fundraising innovation and a faith-based fundraising model from which not only students and alumni, but also faith leaders, congregations, and faith organizations can learn. By forming strong faith leaders and resourcing faith organizations more directly, LSTC seeks to make a difference for communities across the United States and around the globe.

We are excited by this unique opportunity to build and become a stronger and more vital community, and we invite you to help us chart the course. If you would like to be part of something life-changing... life-changing for you, life-changing for LSTC, and life-changing for the church in this time and place, please consider becoming a member of our team.

We are recruiting highly motivated, innovative and experienced leaders in these newly created roles:

- **The Director of Philanthropic Engagement** is dually focused on leadership of the fundraising team as well as managing a portfolio of high potential donors for cultivation, solicitation and stewardship.
- **The Director of Advancement Operations** will engage in strategic oversight of the operational aspects of a high-functioning Advancement team: research, donor data, gift management, and reporting.
- **The Major Gifts Officer** will focus on a portfolio of mid to high level potential donors for cultivation, solicitation and stewardship. With preference for location in Chicago, consideration will be given to candidates in other locations close to major airports, and ideally located near LSTC donors.

Click on each role for a complete description and information on how to apply. Information can also be found at: http://bit.ly/KEES_Searches

True to our Lutheran heritage and built on a foundation of intellectual rigor, our innovative, nationally-recognized curriculum equips students for visionary ministry.

As a Reconciling in Christ seminary, LSTC seeks to offer hospitality and welcome to all who enter LSTC's academic programs. Following Jesus Christ, whose reconciling love bridged barriers and made strangers friends, we seek to welcome and learn from one another's particularity—including but not limited to one another's race, national or ethnic origin, age, gender, sexual orientation, gender identity and expression, physical ability, social status and theological diversity.
