There's no way to describe even a portion of what WE— all of us across this church—do; things we can do because we are church together.

Tonight, around the world, there will be countless people whom you will never meet, who will go to bed giving thanks to God for you, because in our walking together as church, you have touched, transformed, in some cases even saved their lives. On behalf of each of those persons, and on behalf of all of us who get to be your partners in those world-changing ministries, please hear these words, THANK YOU and GOD BLESS YOU for being the Nebraska Synod!

As Church Together, we witness & serve across the state & around the globe.

-14 Serving Arms partners provide \$450 million in services to 51,000 people through 8,300 employees.

-In March 2019, Nebraska was hit by a devastating flood and blizzard. Many Nebraskans lost everything and were faced with doubt, disappointment, and despair. But, hope has come in the form of \$400,000 in gifts that the Nebraska Synod is using to rebuild lives, homes, & communities. We are church together.
