

Video on Stewardship During These Trying Times

Rev. Mike Ward at GSB shares some helpful perspective and food for thought on stewardship in this odd season. In this 8+ minute video he shares a story or two, and then offers some ideas for how to think about stewardship right now and in the days and weeks ahead. If you don't have 8 minutes now, go ahead and fast forward to minute 4, and come back and listen to the whole video later. If you have questions about the ideas in this, please reach out to Deacon Timothy for some conversation.
