

Community Village Ambassador

Trinity Lutheran Church is looking to create a new position called a Community Village Ambassador. This position would continue the work begun by our Healthy Village Ambassador with a dual focus on both the health of our community and engagement within the community.

Number of hours per week: approximately 10-15 hours per week, daytime hours and one Saturday per month. Special community events may also require a periodic evening or other weekend event.

Hourly wage: \$15.00-\$19.00 per hour

Qualities looking for: Candidate must exhibit compassion, willingness to help people no matter what their need may be, organization, excellent customer service skills, attention to detail, computer skills such as working with Word, Excel and basic social media knowledge. Candidate must also be open to new ideas and opportunities as well as the ability to assess relevance and efficiency of programs and partnerships.

Job Description: The main area of focus will be food insecurity, this means much of the day-to-day work will be within the mission of the Trinity Feeds food pantry. The ambassador will be promoting the food pantry (social media), preparing information for patrons to be handed out, available to accept and coordinate food donations and process them within the pantry room. In addition to working on the third Saturday of the month, the candidate will also coordinate and collaborate with resource partners such as Whispering Roots, local pantries, local schools and OHA housing to provide support with their community needs. Outside of the food insecurity issues, the ambassador will be fielding phone calls from community members looking for assistance with locating resources such as open food pantries, rent or utility assistance, shelter information, and access to health care. As COVID will allow, the ambassador will also assist in organizing and preparing for community events such as, Halloween on the Boulevard, the Florence Days parade and being present at the event to answer questions from community members on the resources or services that Trinity Needs can provide.
