# Tanzania - the Soul of Africa

**Walking Together with the ELCT Northern Diocese:** The partnership between the ELCT Northern Diocese and the Nebraska Synod, ELCA is over 28 years old. For many years, Synod sponsored Vision Trips have provided an opportunity to get an insider's view of one of the most amazing countries on the planet. We live in the shadow of Mount Kilimanjaro, witness the many important ministries of the Northern Diocese, make Tanzanian friends, and experience a fabulous safari to the Ngorongoro Crater and Serengeti National Park.

## What is a Vision Trip?

### **It is NOT a Mission Trip**

We don't go to "do", but to see and learn from our Tanzanian brothers and sisters. The Tanzanian leaders of the Northern Diocese serve as our hosts, showing us the diverse ministries of the Diocese: schools, hospitals, parishes, clinics, orphanages, services to the poor and handicapped. It is primarily about relationship. You will return having friends in Tanzania.

### **It is NOT just for Nebraska Lutherans**

Participants in vision trips come from all over the country and from many different religious traditions. We will, however, participate in

Lutheran services and walk as Christian brothers and sisters. Trips are open to adults and adolescents 16 or over who seek to learn. They are not suitable for young children.

### **But there is more!**

In addition to the chance to see the work of the Northern Diocese, make new friends, and open your eyes to a culture much different than any other – we spend a week on safari seeing the glory of God's creation such as can be experienced nowhere else on earth.

Trips are capped at 20 participants.
