

# GO AND...

## HAND PRINT TURKEYS & THE FIVE-FINGER PRAYER

### Create Your Handprint Turkey

1. Trace Your Hand: Place your hand on a piece of paper, with your fingers slightly spread apart. Trace around your hand with a pencil or pen.
2. Color the fingers each a different color to act as feathers. Add a beak, wing, legs and feet, an eye, and a wattle!
3. *Optional: Cut out your turkey*

### The Five Finger Prayer

1. Thumb: The closest finger to you. Start by praying for those who are closest to you - your family and friends.

2. Pointer Finger: The finger used to give directions. Pray for those who teach, instruct, and heal you.

3. Middle Finger: The tallest finger! Pray for our leaders and those who have authority in our government, our communities, and our churches.

4. Ring Finger: Our weakest finger. Pray for those who are sick, poor, and in need.

5. Pinkie Finger: Our smallest finger. Pray for yourself and your own needs.
