ELCA ID#:

Thank you for all of the ministry that you do and make possible. Thank you especially for your vital partnership as the Nebraska Synod and the Evangelical Lutheran Church in America, as we are the church together cultivating love, listening, and imagining what God might be inviting next.

Your mission share offerings support a variety of ministries here and around the globe, changing lives as together we do God's Work with Our Hands! Through you, the hungry are fed, new leaders are raised up to help share the Good News of the Gospel, and together we meet our neighbors where they are at.

As we celebrate in this season of Epiphany- a season of light, wonder, and new discoveries, we would like to invite you to prayerfully consider leaning into and living out God's abundance through growing in your financial partnership. Thank you for your consideration, for your partnership, and for all of the ministry that you do and is made possible through you.

Your 2025 Mission Share Intent is:
